Correction: Analysis of AT7519 as a pro-resolution compound in an acetaminophen-induced mouse model of acute inflammation by UPLC-MS/MS

Jennifer A. Cartwright\textsuperscript{1,2,*}, Joanna P. Simpson\textsuperscript{3}, Natalie Z. M. Homer\textsuperscript{3} and Adriano G. Rossi\textsuperscript{1}

Journal of Inflammation (2023) 20:20
https://doi.org/10.1186/s12950-023-00345-y

After publication of this article [1], the authors reported that (1) in the ‘Availability of data and materials’-section, the link to the data (MS data (https://doi.org/10.7488/ds/7453)) is missing; (2) in Fig. 5, 3rd panel (Linear Regression AT7519 + ALT), the ALT units should be U/L and not µ/l.

The original article [1] has been corrected.
